

REMARKS

This Substitute Specification is submitted in as a followup to the Amendment response to the Office Action of May 19, 2006, filed August 21, 2006. We inadvertently failed to enclose the Substitute Specification with the Amendment filed, and hereby enclose it now. The purpose of the Substitute Specification is to incorporate changes made to the specification to correct informalities.

Withdrawal of the objection to the specification is requested.

Therefore, the objections and rejections of the Office Action of May 19, 2006, having been obviated by amendment or shown to be inapplicable, withdrawal thereof is requested and passage of claims 1-8 and 12-16, as amended, is requested.

Respectfully submitted,
